

Parsons School of Design MFA Lighting Design program theses

Collection, PC020404

About

This collection consists of theses submitted as a requirement of graduation from Parsons School of Design's Lighting Design program. The collection should not be considered comprehensive as many years are missing. Additionally, it is possible that not all theses submitted during a particular year are present in the collection. The two primary time periods covered by the collection are 1992 through 1994 and 2006 through 2015. The disposition of theses submitted in the decade between 1995 and 2005 is unknown.
